

## LUMBER TRAFFIC MEN COMING HERE

Secretary-Manager Arranges for Annual Convention at Hotel Chisca.

Arrangements for the attendance of the managers of the district branch officers and members of the Southern Hardwood Traffic Association at the annual banquet in this city at the Hotel Chisca on Jan. 20 were made by J. H. Townshend, secretary-manager, on a tour which he has just completed. After visiting New Orleans, La., and Helena, Ark., he went to Cincinnati, Ohio, and Louisville, Ky., returning

from the northern half of his tour Thursday. In Cincinnati Mr. Townshend gave a banquet to the district officers and members and received their assurance to be here for the annual meeting. Similar arrangements were made in Louisville and also in the two Southern cities. The attendance from the Memphis and branch districts is expected to be at least 400.

## REFORMS AND BUYS PLACE IN COUNTRY

Paul F. Browne, formerly on the local staff of Memphis newspapers, later with the Associated Press and last a planter near West Point, Miss., has moved back to Shelby county and bought the Walsh place at Egypt Central, north of Raleigh. He will specialize on eggs and various forms of poultry.

## S. C. EMERY TO BE BURIED IN DETROIT

Funeral of Forecaster Will Be Held From Calvary Church Saturday A. M.

The funeral service of the Episcopal church, of which Samuel Cheney Emery, meteorologist, was a life-long member, will be read Saturday afternoon at Calvary church by the Rev. Walter D. Buckner, LL.D., rector. Mr. Emery died Thursday morning at the Baptist hospital, after a two-day illness.

Burial will take place in Detroit, Mich., the former home of Mrs. Emery. His widow and a son, Walter Emery, of New York, will leave Saturday night to convey the body to its final resting place. The son was notified Monday night of his father's illness, but the first train he could take from New York proved too slow to transfer him to Memphis before Mr. Emery's death. It was just two hours after Mr. Emery's death that he arrived in Memphis.

There is another son, Horace Emery, a resident of Glasgow, Scotland, who was apprised by cable of his father's death. Pallbearers will be Austin D. Carey, John McLeary, Judge Ben Capell, Judge A. B. Pittman, Harry Webb and David B. Pargason, Jr.

Probably no news ever traveled over the custom house, where Mr. Emery's office is located, as did that of his death. It was mentioned by clerks in the mail department, by the chiefs of various departments, even the federal building almost as long as Mr. Emery, informed his passengers: "Col. Emery is dead."

Apparently in his usual health, Mr. Emery was at his office Monday, but attaches later pointed out that his attention to the river was not as keen as usual. A friend casually inquired as to the state the present river would reach and Mr. Emery's reply was that he hadn't given it much thought that day. The river being such a hobby with him and the fact that he watched it so closely as to become the most expert prognosticator of its variations, indicates that possibly he was not feeling as well as otherwise indicated.

He suffered a fatal stroke of apoplexy at his home on Galloway avenue Monday night. Numerous floral offerings Friday were being received at the undertaking parlors of J. T. Hinton & Son, where the body will rest until the funeral. Among those were several from the federal building. He acquired a host of friends since his coming here in 1906. Successor to Mr. Emery will be named by the department of agriculture. For the present, the weather office will be in charge of John D. Bladen, who for years has been attached to the bureau.

## TIME TO UNFROCK THE ADAM'S APPLE

The gentleman who now desires to affect the beaustic appearance of a mule grazing over a whitewashed fence, must pay 30 cents for the whitewashed fence. The two-bit linen collar, which nearly knocked the wind out of the "biled shirt" brigade two years ago, has now gone the way of fire-cent fairs. John Barleycorn, the dodo and the dinosaurs. "Linen collars" 30 cents? What would our grandfathers, who used to buy a first rate paper collar for one cent, say to this latest atrocity in haberdashery? Shall we continue to laugh at the rubber collar, or shall we get a sponge and lay in a stock of 'em?

But this doth not end the mournful tale. The local haberdashers say that it is more than probable the price will advance to 35 cents or three for \$1 within a month. Then look out for the nude Adam's apple and the Lord Byron effect.

## Elderly People Have A Daily Health Problem

Stomach muscles and digestive organs slow to act as age advances

**M**OST people find the years slipping by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results.

What is needed is a laxative containing effective but mild properties. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and used a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself

past 80 years of age and still active in his profession. It can be bought at any drug store and one bottle is enough to last even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 517 Washington St., Monticello, Illinois.

## PERSHING TO DINE WITH A. E. F. MEN

C. of C. May Arrange Parade of Commander Along Main Street.

Gen. Pershing will be complimented by the two local posts of the American Legion with a banquet at the Hotel Chisca on the night of his visit to Memphis Feb. 18. At least 400 A. E. F. veterans are expected to gather around the banquet board with the former commander-in-chief.

The Chamber of Commerce will have charge of the reception of Gen. Pershing upon his arrival here on the morning of Feb. 18, and will provide automobiles to take him and his staff to Park field for an inspection. Arrangements have been made to dock out Main street with lines and bunting and the store windows with pictures of the distinguished guest. It is also probable that a parade may be staged, though this must be determined after the details of the reception are more completely worked out by G. F. Schlecht, chairman of the chamber's entertainment committee.

Arrangements for Gen. Pershing's visit were considered by Mr. Schlecht's committee and William M. Stanton, commander, and Harry J. Light, executive officer of Memphis Post No. 1 of the American Legion at a meeting Thursday afternoon. It was announced at this conference that Old Hickory post No. 54, organized among employees of the Memphis branch of the Standard Oil company, would co-operate with the other legion post in the entertainment of the general.

Mrs. Sam Phillips promised to see that the banquet hall is properly decorated.

## NEMESIS OVERTAKES NEGRO HIGHWAYMAN

Nemesis overtook Dudley Porter, negro, rear 274 North Dunlap street, Thursday night within 20 minutes after he and a pal alleged to have held up and robbed H. H. Irby, nightwatchman for the Cold Press Oil company, Park avenue and Lamar boulevard.

Dudley was arrested while aboard an inbound Vance-Lamar car by Patrolmen Crume and Hewitt, of the Barkeley force, and was identified by Irby as one of the men who got his pistol and watch. A charge of highway robbery was lodged against Dudley at central headquarters.

Irby flashed descriptions of the stick-ups to police, and Crume and Hewitt thought the negro on the street car answered the description. He did. His companion has not been arrested.

## Are You a Stenographer, Typist or Office Clerk?

Do you suffer frequently with Headaches?

Headaches of this kind are caused from strain, worry and overtaxation during business hours, resulting in pressure on the brain, and very seldom indicate any other physical disorder. It is a mistake for the sufferer to take medicines for relief that have a harmful effect on the heart and stomach, such as Aspirin, Acetanilid, Phenacetin and Antipyrin.

**Kaffee-Been**  
Headache Tablets are absolutely safe and harmless, because they have a selective action on the brain and do not affect the heart or stomach. When next you have a headache try a Kaffee-Been Headache Tablet.

One tablet, in a glassine envelope, 5c, at all soda fountains and drug stores.  
Box of Six, 25c.

## END COMES SUDDENLY TO MRS. ARTHUR HARTMAN

Mrs. Mary Louise Hartman, 27, wife of Arthur Hartman, and youngest sister of John Popplano, city detective, died at 2:15 o'clock Friday morning at her residence, 680 Rayburn boulevard. A little baby, Mrs. Hartman's first, died and will be buried with the mother.

Funerals will be held at 2:30 Sunday morning at St. Patrick's church where regular high mass will be said over the body. Interment will be in Calvary cemetery.

Besides John Popplano, three sisters, two brothers and Mrs. Hartman's mother survive.

## DIAMONDS STOLEN ON "SHOTGUN BOULEVARD"

Diamonds valued at \$1,200 and \$15 in cash were stolen from Edith Martin, 69 Winchester avenue, Thursday night, she told the police.

The woman was able to furnish Detective Bishop and Joyce with the name of the man she said had taken her items. They arrested a man by that name, but he proved an alibi and claimed that someone must have used his name for the purpose of robbery. The gems were set in rings—one 2½ carats, one ¼ carats and one ½ carat.

## DOUBLE CAPACITY OF PLANING MILL

Contract has been let by the Jorgensen-Bennett Manufacturing company for the erection of a new planing mill and dry kiln which will double the capacity of this department of their plant.

The mills and kiln will be built up adjoining their box plant and planing mill at Seventh street and the Belt Line railway.

The plant was expanded, according to H. J. M. Jorgensen, president, because of the milling-in-transit privilege which Memphis hardwood lumber manufacturers now enjoy.
